

The national accelerator program in Pitchat Nitzana is a cross-office collaboration between the Prime Minister's office and relevant authorities and government agencies, such as the Ministry of Finance, Tourism, Agriculture, Security, Transportation, Health, Communication, and Welfare, along with the JNF and JAFI.

Pitchat Nitzana is located in the Western Negev Desert, along the border with Egypt & under the jurisdiction of the Regional Council of Ramat HaNegev.

Invested in developing, preserving, and populating the area, the council is working towards mobilizing government resources - allocated for Israel's geographic periphery.

Strengthening Pitchat Nitzana is a national interest aligned with the pursuit to develop Israel's periphery, populate the Negev & safeguard border communities' presence. Furthermore, as new security threats come from the Egyptian border, and in light of the global need for desert agriculture and renewable energy, practices to respond to desertification challenges.

NITZANA ACCELERATION PROGRAM

A national mission to:

- Increase demographic growth.
- Provide affordable housing opportunities.
- Invest in education, employment & tourism.
- Realize the region's potential in becoming an agricultural enterprise.

Ramat HaNegev Regional Council is advancing a governmental acceleration program- An umbrella plan for a wide range of projects in: Housing -Education - Tourism - Buisness Development ,
